

Request for **Research Grant from the Program in Feminist, Gender, and Sexuality Studies**

Ours is a small interdisciplinary program with very limited discretionary funds. The Program is positioned to offer limited support for undergraduate students' academic and professional development. Priority is given to FGSS Majors, followed by FGSS Honors students, and finally FGSS Minors.

Priority is given to support research-based expenses such as data analysis software, books and other research materials, and travel required for data-gathering purposes. Second priority is given to expenses related to conference participation such as transportation, lodging, and, conference fees, etc. Preference will be given to those who are making presentations at conferences.

Contact Information for the person making the request

Name:

Permanent email:

Provide a brief description of the project for which funding is being requested and its relationship to Feminist, Gender, and/or Sexuality Studies:

Describe how this grant will advance your education in FGSS

List each aspect of the project that requires funding (travel, materials, etc.) and amounts.

List the total amount of funding you are requesting.

What is the total budget?

List other sources of funding and amounts that have been awarded to you.

List the name of your major advisor and your FGSS advisor.

Please ask your FGSS advisor to email apotemski@stanford.edu with a short paragraph *indicating their support for your request.*

By when do you need an answer (exact date)?

Please submit your application to Amy Potemski, Academic Services Administrator for FGSS at apotemski@stanford.edu.
